Sir,

I have the honor to bring to the notice of Government that the building which was formerly a travellers bungalow and which is now used as dispensary at Hunsur is quite unsuited for the purpose, either for out or in-patients. It is not sufficiently central as regards out-patients for the inhabitants of the town at the same side of the river as the dispensary and is entirely too far from those residing at the other side of the river.

2. The building itself is a large gloomy one falling into disrepair and from its remote and lonely

lonely position inpatients, unless accom-
-panied by their families, which is the
exception, are afraid to stay in it at
night and hence it is next to useless for
that purpose.

3 I went through the town on the 25th
ultimo accompanied by the Amildar,
Hospital Assistant and Mr Petrie Hay
and we failed to find a suitable
site on Government grounds.

4. There are however two good
sites on land belonging to the Madras
Government which I have marked
on the enclosed map. One is called
the Parade ground and the other a
portion of a Kanai near Matheson's
Coffee works.

5. Of the two I would prefer the latter
as it is sufficiently central for residents
at that side of the river and would be
more so than the other for those at the
far side.

6. Hunsur is an important town
to have efficiently supplied as regards
the medical wants of out and in-patients-

because of the frequency with which cholera visits it and because of the large number of persons of all classes who pass through it between Mysore and Bangalore and the West Coast.

7. I would request therefore that Government will be pleased to take early steps to acquire one of the sites above referred to for an hospital and dispensary and to sanction the transfer of the present one to it when constructed.

8. The Chief Engineer can make a reap-
-portion for this of the money allotted
for the construction of another dike
of less importance on his list for
construction during the current year

I have the honor to be,
Sir
Your most obedt Servt.

also granted as a special case for employing another cart on Rupes 14/-, two sweepers on Rupes 5/- each for 4 months of the year, commencing from 1st March 1895, and the sinking of 3 draw wells, at a cost of Rupes 100/- as both the Municipality and the medical Department recommended the increase in these items on the ground that Humsar was unhealthy, and badly in need of pure drinking water. These additional charges amount to Rupes 280, bringing down the closing balance to Rupes 516/- including the surplus of Rupes 16/- available out of the provision of Rupes 100/- made for temporary part in the sanctioned Budget.

4. There is no prospect of the Municipality being able to curtail its expenditure in future years, as it has to pay an annual instalment of Rupes 730, on account of water supply, and sanitary improvements of the place. I beg therefore, that the Municipality may be excused from bearing its share of the cost of the Dispensary building.

SIR.

I have the honor to state that an estimate for Rupees 4319, for constructing a new dispensary at Hunnur, was prepared by the Executive Engineer, Mysore Division, who requested me to settle the question of compensation payable from the Municipal and Local Funds. It was represented to the Executive Engineer, that the Hunnur Municipality, could not afford to pay anything towards the cost of the building, and that the usual $\frac{1}{3}^{\text{rd}}$ of the cost payable from

from the District Funds has been provided for in the District Fund Budget, for the ensuing year. The Executive Engineer, in reply states that Sanction of the Government in the General Department, should be obtained for exempting the Municipality from contributing towards the cost of the building.

2. The receipt and expenditure of the Municipality, for the current year, is estimated at 3485 Rupees, and 3379 respectively, as per details in the margin thus leaving Rupees 780 as the closing balance at the end of the year which is slightly less than 25 per cent of the receipts.

this department at Hunsur in lieu of the land
in question, on condition that the Mysore Govern-
-ment affords medical aid free of all charges
to

to the Hunsur Const Cattle Depot 1 Superintendent
establishment strength as noted 1 Cattle Inspector
on the margin. 1 Chowdry

2. I understood that the intention of the Mysore Government in undertaking the construction of the new hospital and dispensary at Hunsur, is to afford gratuitous medical aid to the public.

Consequently the attendants of the Hunsur Const. Cattle Depot would be entitled to this indulgence if no hospital were maintained exclusively for them by this Department at Hunsur.

3. Should my suggestion be accepted there will be a saving to both the Madras and Mysore Governments. The former will save the annual expenditure now incurred in maintaining the hospital now at Hunsur and the latter will save the cost of constructing a new hospital and dispensary.

4. Pending further consideration of the above proposal, I propose to hold the transfer of the land referred to in para 1 ante in abeyance
